The Social Stock Exchange was launched in June 2013 by the UK Prime Minister at the first G8 Social Impact Investment Forum in London.

In January 2015, the SSX and ICAP Securities & Derivatives Exchange Limited

announced their collaboration to launch a new market segment for Social Impact businesses, providing a central venue for impact opportunities in the UK and beyond. Member companies articulate and evidence their social and environmental credentials through the production of an independently assessed Impact Report, which is then ratified by an Admissions Panel comprised of finance and social sector experts.
